## FISCAL ANALYSIS

### ASSUMPTION

Officials from the **Department of Economic Development (DED)-Professional Registration (DPR)** assume the proposed legislation would result in an increase to the Chiropractic Examiners Fund from the collection of fees for temporary licenses for chiropractors. DPR officials assume the proposal could result in potential licensure of approximately 150 applicants per year. The projected revenue reflects a \$50 annual fee. In addition, a 3% growth is estimated.

It is assumed the State Board of Chiropractic Examiners can implement this proposal with its existing personal service and expense and equipment appropriations. However, if this legislation would result in a larger number of licensees than expected, additional appropriations in personal service and expense and equipment would be required.

<u>FISCAL IMPACT - State Government</u>	FY 2001 (10 Mo.)	FY 2002	FY 2003
